EXPERIENCE

Assistant Engineer

Sep 2022 - Jun 2023

Northern Marine Management India Pvt. Ltd · Mumbai, India

- Implemented a Power BI dashboard for real-time inventory monitoring, increasing logistics flow efficiency and reducing equipment downtime by 20%.
- Managed ERP-based tracking of critical components, ensuring timely availability and minimizing delays in logistics operations.
- Applied data analysis and KPI monitoring to optimize fuel and oil consumption, achieving a 12% reduction in operational costs.

Engineer

Feb 2021 - Sep 2022

Scorpio Marine Management India Pvt. Ltd · Mumbai, India

- Automated maintenance reporting processes, reducing errors by 30% and enhancing the accuracy of logistics documentation.
- Coordinated freight flow and terminal timing, ensuring timely vessel reloading and contributing to improved logistics readiness.
- Developed strategies that reduced SO₂ emissions by up to 85%, aligning with sustainability goals in logistics operations.

Junior Engineer

Mar 2020 - Jan 2021

Scorpio Marine Management India Pvt. Ltd · Mumbai, India

- Supported tracking of spare parts and inventory documentation, enhancing supplier coordination and logistics compliance.
- Assisted in logistics documentation for maritime operations, ensuring adherence to quality and regulatory standards.

Intern

Jan 2019 - Mar 2020

Scorpio Marine Management India Pvt. Ltd · Mumbai, India

- Operated machinery and conducted maintenance, ensuring compliance with MARPOL regulations and enhancing operational efficiency.

EDUCATION

MSc in Logistics and Supply Chain Management

2023 - 2026

Technische Universität Riga · Riga, Latvia

- Master thesis: Sustainability assessment of digital technologies in maritime logistics
- GPA: 8.23/10

Bachelor of Technology in Marine Engineering

2014 - 2018

Indian Maritime University · Chennai, India

- Specialization in Mechanical Engineering, Propulsion Systems, SOLAS Compliance
- GPA: 81.2/100
