### PROFESSIONAL SUMMARY

Results-driven Maritime Logistics Specialist with 4 years of experience in port logistics and cargo handling. Demonstrated ability to optimize freight flow and enhance operational efficiency, achieving a 20% reduction in equipment downtime and a 12% decrease in operational costs. Proficient in ERP systems and data analytics to support logistics operations effectively.

### EXPERIENCE

#### Assistant Engineer

Sep 2022 - Jun 2023

Northern Marine Management India Pvt. Ltd · Mumbai, India

- Developed a Power BI dashboard for real-time cargo tracking, enhancing inventory visibility and reducing equipment downtime by 20%.
- Managed ERP-based logistics tracking of critical components, ensuring timely availability and minimizing delays in cargo handling.
- Conducted data analysis and KPI monitoring to optimize logistics operations, leading to a 12% reduction in operational costs.

#### Engineer

Feb 2021 - Sep 2022

[Skip to main content](#) Northern Marine Management India Pvt. Ltd · Mumbai, India

- Streamlined freight flow processes, coordinating terminal timing to ensure timely vessel reloading and compliance with delivery schedules.
- Automated reporting systems, reducing errors by 30% and improving overall logistics documentation accuracy.
- Implemented machinery adjustments that improved fuel efficiency, contributing to reduced operational emissions and costs.

### Junior Engineer

Mar 2020 - Jan 2021

Scorpio Marine Management India Pvt. Ltd · Mumbai, India

- Supported logistics documentation and compliance for maritime operations, ensuring adherence to industry regulations.
- Assisted in inventory management and supplier coordination to facilitate timely cargo handling and delivery.

## EDUCATION

---

### MSc in Logistics and Supply Chain Management

2023 - 2026

Technische Universität Riga · Riga, Latvia

- Master thesis: Sustainability assessment of digital technologies in maritime logistics
- GPA: 8.23/10

### Bachelor of Technology in Marine Engineering

2014 - 2018

Indian Maritime University · Chennai, India

- Specialization in Mechanical Engineering, Propulsion Systems, SOLAS Compliance
- GPA: 81.2/100

## PROJECTS

---

### Sustainability of Digital Technologies in Maritime Logistics

Developed a sustainability-oriented framework to evaluate digital technologies in maritime logistics using the IASAM model.
